

Even with the current situation work is still going on to look after the green spaces in our village!

Our Mission

The Green Team is a team of both core and ad hoc volunteers who help look after and maintain the green spaces in Whitchurch-on-Thames. Coming together in this way also encourages a sense of community and is a good way of getting to know people.

How you can help!

The Core Green Team members have been working individually, or with members of their household, to continue with much needed spring tasks whilst sticking to Government Guidelines. We'd love your help!

The flower beds at the entrance to Wallingscote Drive (where the boat used to be) need weeding. If anyone has the time to pick out the wild geranium in the beds by the walls it would be much appreciated. Picture of the plant attached so you know which ones to pick! Let me know if you would like to help with this so I can let the team know.

There will be other tasks that will no doubt crop up that we need your help with, so do drop me a line if you might be interested in lending a hand whilst working parties cannot be carried out.

More information on our team and green spaces can be found here;
<https://whitchurchonthames.com/groups/greenteam.html>

What's Happened Recently

A big thank you to all the volunteers who've helped with these tasks over the past month, this has included;

- Maintenance at the Village Green
- Maintenance at the Maze
- Martin and Frances have offered to be the guardians of the Manor Road North verge; running from just after the junction with the High Street to just before the playground.
- Ad hoc tidying and litter picking
- Gathering contacts and ideas to help with planning further details of the Polish Church Garden work. More information about this project can be found here; <https://whitchurchonthames.com/groups/polishgarden.html>
