

## **Notes from the PC Meeting**

### **February 13th 2020**

At the February Parish Council Meeting Alexa Duckworth-Briggs presented some quotes obtained for the creation of a footprint of the Polish Church. From previous meetings with local residents and those who have links to the church and garden when it was in use (link to minutes on this page) a remit was agreed for the suppliers;

- a 4x6 to 5x7m area
- levelling out the area to create a flat base
- hardwearing and vandal proof
- area for quiet contemplation
- a design was created and shown to people who attended the last working party at the site and passed on to the suppliers (see attached)

The PC has agreed the spend and a supplier has been chosen and engaged for the work, which will need to be organised closely with local residents and Coombe Park. Grants are being investigated for additional items such as an information board and a memorial cross.
